

LICENSE

Please read this License carefully before installing Ubisoft's software tool ("Licensed Technology").

This License is an agreement between you, the "Developer", and Ubisoft Entertainment and/or its licensors and/or its beneficiaries ("Ubisoft"), which grants the Developer the non-exclusive and non-transferable right to use the Licensed Technology.

By installing the Licensed Technology, the Developer undertakes to respect the terms and conditions of the License.

1- The License

Ubisoft grants the Developer a non-exclusive and non-transferable License to use the Licensed Technology, but remains the owner of all the rights relating thereto.

Any rights not specifically transferred by this License remain the property of Ubisoft.

The Licensed Technology is licensed and not sold to the Developer, for private use.

The License does not confer any right or title to the Licensed Technology and cannot be understood as a transfer of intellectual property rights regarding the Licensed Technology.

2- Ownership of the Licensed Technology

The Developer recognises that all of the rights associated with the Licensed Technology and its components (in particular the titles, computer codes, libraries, archives and text contained in the Licensed Technology), as well as the rights relating to the trademark and copyrights, are the property of Ubisoft and are protected by applicable regulations or other Laws, Treaties and international agreements concerning intellectual property.

Developer acknowledges and agrees that the Licensed Technology and all other items licensed hereunder and all copies thereof constitute or contain valuable trade secrets or proprietary and confidential information of Ubisoft; that title thereto is and shall remain with Ubisoft; and that all applicable copyright, trademark, patent and other intellectual property rights in the Licensed Technology, and all items licensed hereunder are and shall remain the property of Ubisoft, as such rights may exist.

3- Use of the Licensed Technology

The Developer is authorised to use the Licensed Technology for the sole purpose of developing one video game software for Ubisoft ("Game").

Developer may upon Ubisoft's prior written approval modify and/or enhance the Licensed Technology for the sole purpose of integrating it into the Game or developing the Game, provided that the ownership and intellectual property rights regarding all such modifications and enhancements shall exclusively and automatically vest and be assigned to Ubisoft. Developer shall not create any work derived from the Licensed Technology, in whole or in part. To the extent that Developer's activities in connection with this Agreement result in new derivative works of and embodying the Licensed Technology, then those elements constituting such derivative works of and embodying the Licensed Technology shall be deemed to have been created as a "work made for hire" for Ubisoft. To the extent that the works are not deemed to be a work made for hire, Developer hereby assigns to Ubisoft all right, title and interest in and to such derivative elements free from any claims of Developer or any third party.

Nothing contained in this Agreement shall be construed to grant to Developer the right to sell, disclose, distribute or sublicense the Licensed Technology apart from the Game. Subject to the terms and conditions herein, Licensee acknowledges and agrees that it has no rights or claims of any type to the Licensed Technology, and Developer irrevocably waives and releases any claim to title and ownership rights (including trade secret and

copyright ownership) in the Licensed Technology, expressly excluding any and all enhancements.

Developer shall not (A) copy, modify, display or distribute to any person all or any part of the Licensed Technology, except as provided for herein; (B) disassemble, de-compile or reverse engineer the Licensed Technology, or any part thereof, except as permitted herein; (C) use or distribute the Licensed Technology in any manner on or in any stand-alone, on-line service or to provide service bureaus, time sharing or other computer services to third parties; (D) distribute or otherwise make the Licensed Technology, or any executables derived or produced from such source code, available for coin-operated machines; or (E) license, sub-license, distribute, make available or disclose the Licensed Technology to any third party except as authorized in this Agreement.

Developer agrees not to remove or destroy any copyright notices, trademarks or other proprietary or confidential legends or markings placed upon or contained within the Licensed Technology or on any other documentation or materials related to the Licensed Technology.

The Developer cannot transfer, sell, sublicense or lease the Licensed Technology to any third party.

4- Termination of the License

The License is effective from the first time the Licensed Technology is used and expires upon delivery by Developer to Ubisoft of the final version of the Game.

This License can be terminated automatically by Ubisoft without notice if the Developer fails to adhere to the terms and conditions of the License. Upon Ubisoft's request and upon termination or expiry of this License, Developer shall immediately (A) return to Ubisoft all copies of the Licensed Technology with its modifications and enhancements, or portions thereof, in its possession and all elements regarding the Licensed Technology including without limitation any copies of the Licensed Technology, related documentation, notes and elements containing the Licensed Technology; (B) purge, or cause to be purged, all copies of the Licensed Technology or any portion thereof (whether modified or not) in its possession, including from any computer storage device or medium on which Developer has placed the Licensed Technology; (C) Developer shall give Ubisoft a written certification that it has complied with all of its obligations under this Section.

5- Warranty

UBISOFT'S WARRANTIES DO NOT INCLUDE ANY WARRANTY (I) THAT THE FUNCTIONS PERFORMED BY THE LICENSED TECHNOLOGY WILL MEET DEVELOPER'S REQUIREMENTS, (II) THAT THE OPERATION OF LICENSED TECHNOLOGY WILL BE BUG FREE OR ERROR FREE IN ALL CIRCUMSTANCES, (III) THAT ANY DEFECTS IN THE LICENSED TECHNOLOGY CAN OR WILL BE CORRECTED.

UBISOFT IS PROVIDING DEVELOPER WITH THE LICENSED TECHNOLOGY "AS IS". EXCEPT AS SET FORTH ABOVE, UBISOFT MAKES NO WARRANTIES OR REPRESENTATIONS WHATSOEVER, EXPRESS OR IMPLIED, WHETHER ORAL OR WRITTEN, WITH RESPECT TO THE LICENSED TECHNOLOGY INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT OR OF FITNESS FOR A PARTICULAR PURPOSE.

IN NO EVENT SHALL UBISOFT BE LIABLE TO DEVELOPER FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOSS OF PROFITS) OF ANY KIND ARISING OUT OF THIS AGREEMENT, EVEN IF UBISOFT SHALL HAVE KNOWLEDGE OF THE POSSIBILITY OF ANY POTENTIAL LOSS OR DAMAGE. IN NO EVENT WILL DEVELOPER HAVE ANY RIGHT TO (i) RECOVER OR OBTAIN ANY RIGHTS IN OR TO THE

LICENSED TECHNOLOGY, ITS ENHANCEMENTS AND MODIFICATIONS OR THE GAME OR ANY INTELLECTUAL PROPERTY RIGHTS IN AND TO THE FOREGOING, OR (ii) ENJOIN OR OTHERWISE INTERFERE WITH UBISOFT'S DEVELOPMENT, LICENSING, PUBLISHING, MARKETING, DISTRIBUTION OR EXPLOITATION OF THE GAME, THE LICENSED TECHNOLOGY AND ANY OTHER PRODUCT OR ENGINE OR TOOL.

6- Jurisdiction

This Agreement shall be construed in accordance with the laws of the United States and the State of California applicable to agreements executed and wholly performed therein. Developer agree that any dispute arising out of or relating to this Agreement may be instituted and prosecuted in the courts of competent jurisdiction of the State of California located in Los Angeles County, and it irrevocably submits to the jurisdiction of said courts and waives any rights to object to or challenge the appropriateness of said forums. Developer hereby agrees to accept service of process pursuant to the notice provisions hereunder and waives any and all objections to venue, jurisdiction or service of process
